

LEAPMOTOR C10 HYBRID EV

DESIGN

TECHNICAL PARAMETERS

Dimensions:

- Length: 4739mm
- Width: 1900mm
- Height: 1680mm
- Wheelbase: 2825mm
- Boot: 450L / 1610L
- Ground clearance: 180mm
- Curb weight: 1950kg

Electric Motor and Battery:

- Max net power: 158kW
- Max Torque: 320Nm
- Battery Capacity: 28,4kWh
- On-board charger max power: 6,6kW
- Max DC charging power: 65kW
- DC charging time (30~80%): 18min

Thermal Engine:

- Engine Capacity: 1,499L
- Cylinders: 4 cylinders, in-line
- Rated power: 50kW
- Fuel Tank Capacity: 50L

Performance:

- Max speed: 170km/h
- Acceleration (0-100km/h): 8,0 s
- Combined EV range (WLTP): 145km
- Full range: 970km

Chassis & Wheels:

- Drive wheel: RWD
- Suspension (Front/Rear): McPherson / Multi-link
- Brake (Front and Rear): Ventilated Disc
- Tires: 245/45R20
- Rim: 20" alloy

FEATURES

Infotainment and connectivity:

- 14.6" high-resolution central screen
- 10.25" LCD cluster
- Online navigation
- Appstore
- 12 speakers
- OTA upgrade function

Safety:

- 7 airbags (Front, side, curtain, Far-side)
- 17 ADAS

Comfort and convenience:

- Panoramic sunroof with electric sunshade
- Ambient light with rhythming
- Front armrest
- OEKO-TEX Eco-Leather seats
- Front seats power adjustment (Driver: 6-ways, Passenger: 4-ways)
- Front seats heated and ventilated
- Heated steering wheel
- Rear seats 40/60 foldable with center armrest

Climate control:

- 2-zone automatic air conditioning
- Hidden Electric air vents

Park Assist:

- Rear parking sensors
- 360° camera with dynamic guidelines
- Transparent chassis and wheel view

Lights:

- LED auto headlights
- LED Taillights with light animation

Convenience:

- Wireless phone charger
- Power tailgate
- V2L (Vehicle to Load) function
